### OUT AT WORK (Original Version)

In 1992 Cheryl Summerville, a cook at a Cracker Barrel restaurant outside Atlanta, received a termination paper stating that she was fired for "failing to demonstrate normal heterosexual values." She was shocked to discover that in more than 40 American states it was legal to fire workers simply because of their sexual orientation. **OUT AT WORK** chronicles the stories of three gay workers: a cook, an auto worker and a New York Public Library clerk, as they seek workplace safety, job security and employee benefits for gay and lesbian workers. 56 minutes

This DVD also includes **OUT AT WORK: AMERICA UNDERCOVER**, an HBO special featuring two of the stories in the original **OUT AT WORK**, as well as the shocking story of Mark Anderson, a stock trader at Cantor Fitzgerald, who was ridiculed, sexually harassed, had his car stolen by his superiors and repainted with homophobic slurs, and eventually terminated. 58 minutes

"OUT AT WORK vividly illustrates what happens when LGBT people are not legally protected from employment discrimination. It exposes once and for all the lie that gay people's rights are 'special rights' with stories that are both ordinary and inspiring."

SARAH E. CHINN, PROFESSOR OF ENGLISH,

"Filled with humor, insight and moving fervor, OUT AT WORK offers a stirring experience for all of us."
